TAIMEN LODGE

UPPER TENGIS / MONGOLIA

Headwater expedition

Beyond the lodge. Into the wild.

11 DAYS / LODGE & WILDERNESS CAMP

01 / THE JOURNEY

Follow the river farther.

Leave the familiar behind. A bend in the river opens into another valley; the hills draw closer, and the next stretch of water invites another cast.

TWO WAYS TO LIVE THE RIVER

Four days fishing from the lodge lead into a three-night headwater expedition. Travel upriver, fish different stretches, and sleep at a remote camp beside the water.

02 / THE FISHING

A moment worth the journey.

TAIMEN / LENOK / GRAYLING

A sudden take. A powerful run. Then the quiet moment when the fish is close enough to see. These are the stories that follow you home.

In the headwaters, the river is close at hand, with time to fish through the day and into the night.

03 / CAMP LIFE

Stay close to the wild.

Canvas tents in an open valley. Coffee at the camp table. The last light on the hills. After a day on the water, camp becomes a place to gather and let the stories unfold.
